## About LCHANZ

### Mission

- To build and sustain a trans-national organisation which provides professional development, advocacy and peer support for all members;
- To commit to the empowerment of breastfeeding women and their families/whanau;\* (\*family)
- To advise and make representations to relevant State and National Government authorities on issues relating to breastfeeding and human lactation and the profession of lactation consultancy.

### Vision

- International Board Certified Lactation Consultants (IBCLC) are health professional experts in the management of breastfeeding and human lactation.
- Lactation Consultants of Australia and New Zealand (LCHANZ) serve as the key advisory body for health care providers and Government authorities in matters relating to breastfeeding and human lactation.

### Benefits of LCHANZ membership

- Unification of the separate Australian organisations and New Zealand organisation
- Strength in numbers where advocacy and professional issues concerned with lactation arise
- Membership is bundled and includes membership to both ILCA and LCHANZ associations
- Unified professional group, less fragmentation, easier for IBCLC's and others to communicate
- Greater recognition of LC profession and certification of IBCLC's
- Assistance from ILCA with membership list serves for conference/seminar organisation to reduce workload of small number of volunteers
- Strength in numbers when it comes to guest speakers, greater access across Australia and New Zealand
- Greater opportunity for advocacy as a unified voice to Government and Health services
- The go-to organisation for all professional lactation issues
